SKILLS

Programming Languages: Basics of C, Java and C#

Databases: SQL Server and My SQL

Web Technologies : HTML, CSS, JavaScript, jQuery, php, Basics of ASP.net core Web API, Angular framework, React js, Node js
Tools : MS Office

EXPERIENCE

Software Developer

Elite Digital Technologies *Nov 2023 - Present*

- As a software developer at my company, I have demonstrated proficiency in both frontend and backend development through diverse responsibilities:
- UI Development: Created dynamic and responsive user interfaces using Angular and React.js, ensuring seamless user experiences across various platforms and devices. Designed and implemented reusable components, managed complex application states, and ensured responsive design for consistent experiences across different screen sizes.
- Backend Development: Developed robust backend systems with Node.js, handling server-side logic, database interactions, and API integrations. Created RESTful APIs, managed database operations, and implemented authentication and authorization mechanisms to protect sensitive data.
- OpenAI Projects: Leveraged OpenAI's capabilities to build intelligent applications, enhancing user interactions with advanced AI-driven features. Created and fine-tuned custom language models to meet specific project requirements, and developed APIs using advanced AI techniques.
- API Integration: Integrated multiple third-party APIs to enhance application functionality and provide users with comprehensive features. Developed advanced APIs for enhanced data retrieval and processing, ensuring scalability and performance.

Software Developer Trainee

Prashaar Innovations Pvt. Ltd. *Aug 2023 - Nov 2023*

- Code Development: Contributed to writing clear, maintainable, and efficient code for various projects, adhering to established coding standards and methodologies.
- Code Analysis and Debugging: Conducted in-depth analysis of source code to identify and resolve functionality issues, optimizing performance and ensuring robust application behavior.
- Participated in Code Reviews: Actively took part in code reviews, gaining insights from experienced developers to continuously improve my technical skills and knowledge.
- Project Involvement: Engaged in multiple projects, applying learned concepts to real-world scenarios and enhancing overall project outcomes.
- Continuous Learning: Emphasized ongoing learning and skill development, staying updated with the latest advancements in software engineering and development practices.

Secondary Level Mathematics Teacher

Modern Public Secondary School *Aug 2020 - Aug 2021*

- Classroom Management: Addressed inappropriate behavior quickly and effectively to maintain a calm and focused learning environment, fostering respect and discipline among students.
- Assignments and Assessment: Assigned relevant tasks to students and confirmed their understanding and skills required to complete the work on time. Provided timely feedback to support their learning and improvement.
- Differentiated Instruction: Taught students of varying abilities and ages, adapting teaching methods and materials to meet diverse learning needs and ensure all students can achieve their full potential.

Secondary Level Science and Mathematics Teacher

Binayak Educational Academy *Apr 2018 - Jun 2021*

- Worked with staff members and teachers to design comprehensive and individualized plans to optimize student education.
- Helped students explore concepts with engaging, learning-focused activities.
- Fostered student curiosity and interest through creative hands-on activities.

EDUCATION

Masters of Computer Applications

Mahatma Gandhi Kashi Vidyapith , Varanasi *Sep 2021 - Nov 2023*

Bachelor of Science(PCM)

M.L.K. P.G. College, Balrampur ,UP *Aug 2016 - Oct 2020*

LANGUAGES

English

Nepali

Hindi

ACHIEVEMENTS

- Got best Teacher Award
- Regional level Kabaddi Player
- All India University Level Rugby Player
